

NEW**ALGONQUIN LOG CABIN ADVENTURE**

4 NIGHTS / 5 DAYS

The rugged winter landscape of Algonquin Provincial Park provides a scenic setting for a five-day adventure in one of Canada's most renowned provincial parks. Situated in the heart of the Canadian Shield, Ontario's oldest park was established in 1893 as a wildlife sanctuary, making it the first protected ecosystem in all of Canada. Your stay is at the Algonquin Log Cabin, situated on Surprise Lake in the northwest corner of the park, a true wilderness retreat with all the modern comforts of a rustic resort. As you settle into the northern way of life, enjoy a half-day snowshoeing excursion on the tranquil trails in the forests of Algonquin. The following day, make tracks through the woods on a full-day of cross-country skiing on the Almaquin trail winding past some of the 2000 lakes and rivers in the park, where you might spot some of the species of animals that inhabit the park. You might also want to try your hand at ice-fishing on Surprise Lake or perhaps go ice-skating. At the end of your trip, you have the option to mush your own team of Huskies on an exhilarating dogsledding excursion taking you along the trails. After a thrilling day of outdoor adventures, relax in the sauna or simply sit by the fire.
